

# Trail Rules

## Stay On Marked Trails

Stay on existing trails and do not trespass on private land. Do not create new trails or cut switchbacks. Respect trail and road closures. Please avoid use in wet conditions as soft trails are vulnerable to damage.

## Leave No Trace

Be sure to pack out at least as much as you pack in.

## Take No Souvenirs

Please do not take plants, animals, rocks, wood or other flora or fauna. Areas outside the marked trails should be left untouched.

## Clean Up After Pets

Take all pet waste with you.

DO NOT leave pet waste in bags on the trail or in the parking lot.

## Control Your Pet

Pets must be on leash or under voice control.

## Control Your Equipment

Ride and ski within your limits.

## Yield Appropriately

Do your utmost to let your fellow trail users know you're coming.

Cyclists should yield to hikers, skiers and snowshoers.

## Never Scare Animals

Animals are easily startled by an unannounced approach, sudden movement, or loud noise. Give wildlife enough room and time to adjust to you.

## Plan Ahead

Know your equipment, your ability and the trail. Be prepared for changes in weather.

Riders, always wear a helmet and appropriate safety gear.

## No Motorized Vehicles

Prevent trail erosion and enjoy the quiet of the woods.
